

Ruler 10in/25cm | Print on US Letter

Tips For Accurate Measurement

BEFORE PRINTING, please make sure your "Page Scaling" and "Rotate and Center" options are turned off.

1. Once you click print, a dialog box will open up in Adobe Reader.
2. Under "Page Scaling," scroll down to select "Actual Size" or "None."
3. Next to "Auto-Rotate and Center," make sure the box is unchecked.

Measurements taken with this tool must be treated as estimates only. Correct validation of this ruler can only be achieved by use of a calibrated ruler or measuring tape. Because of the nature of paper, this document may expand or shrink during and after the print process. Consolidated Label Co. offers this page as a tool for estimating measurements only and accepts no liability for any errors that result from the printing or use of these rulers. By printing and using this tool you agree to absolve Consolidated Label Co. from any and all inconsistency that may result from the incorrect use of this printable tool.
